DRAFT RISK-BASED END STATE (RBES) VISION DOCUMENT RELEASED FOR PUBLIC COMMENT

The Rocky Flats Environmental Technology Site is owned by the U.S. Department of Energy and operated by Kaiser Hill Company, LLC and is being cleaned up under the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and the Colorado Hazardous Waste Act. The Rocky Flats Cleanup Agreement (RFCA) is the environmental regulatory framework for the cleanup and closure of Rocky Flats.

The Draft Risk-Based End State (RBES) Vision Document for the Rocky Flats Environmental Technology Site (RFETS) is available for formal public review and comment from **November 25, 2003 through January 14, 2004**. The Draft RBES Vision Document is being submitted to the U.S. Department of Energy (DOE) Headquarters to support the implementation of DOE Policy 455.1, Use of Risk-Based End States, dated July 15, 2003. The RBES Vision Document provides a description of RFETS, progress on cleanup, the presumed end state, and information on specific environment hazards. The Draft RBES Vision Document has been derived from existing documents that are relevant to the RFETS end state, including the Draft Rocky Flats Long-Term Stewardship Strategy, and the Rocky Flats Cleanup Agreement Action Level Framework.

Send written or email comments to: John Rampe, john.rampe@rf.doe.gov (303) 966-6246, Department of Energy, 10808 Highway 93, Unit A, MV72, Golden, CO 80403-8200.

Copies of the document are available for review at the Rocky Flats Reading Room at the Front Range Community College and on the Rocky Flats webpage: www.rfets.gov. For additional information please call John Rampe, DOE RFFO, at (303) 966-6246.
